Speyside Distillery 15 Years (2008/2024)

Anyone who associates 'Speyside' with fruity, sherry-accentuated malts is in for a surprise. This 15-years Speyside Distillery whisky has an unexpected but wonderfully subtle smokiness - and also brings a pleasant maritime note into play. A whisky that combines a gentle campfire atmosphere with warming elegance.

TASTING NOTES

NOSE

The first sniff makes you feel like you're on a secluded beach after sunset. There's a hint of campfire smoke in the air, mixed with a pinch of ham - but don't worry, it's not BBQ overkill! Instead, sweet vanilla crescents mingle with it, perfectly balancing the smoky touch. Warming and inviting without being overpowering.

PALATE

The first sip confirms the nose: gentle smoke meets a creamy texture reminiscent of warm honey. This is joined by an unexpected maritime note that provides depth but is never too salty or overpowering. The whisky is full-bodied, enveloping and always remains pleasantly warming.

FINISH

Medium length, but with character. The smoke slowly fades away, leaving behind an earthy note. Pebbles? It may sound unusual, but anyone who has ever savoured a light sea breeze whisky will know what is meant.

THOUGHTS

MARCEL

A wonderfully gentle Speyside malt with a hint of campfire romance - this isn't a smoky beast, but rather a charming companion for relaxed evenings. If you enjoy something cozy and a little different, you'll find just the right bottle here.

SASCHA

The 15-years Speyside Distillery impresses with its balanced interplay between subtle smokiness and maritime freshness, all without losing an ounce of elegance. A well-structured malt that, with its understated complexity, will appeal more to lovers of fine nuances than to fans of heavy peat bombs.
